WORK SAMPLES

RACEPOINT GLOBAL BOSTON, MA

Location: 2 Center Plaza

Size: 19,150 SF

Completion Date: January 2019

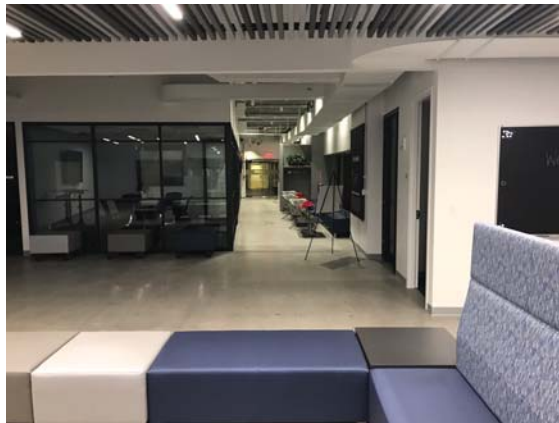

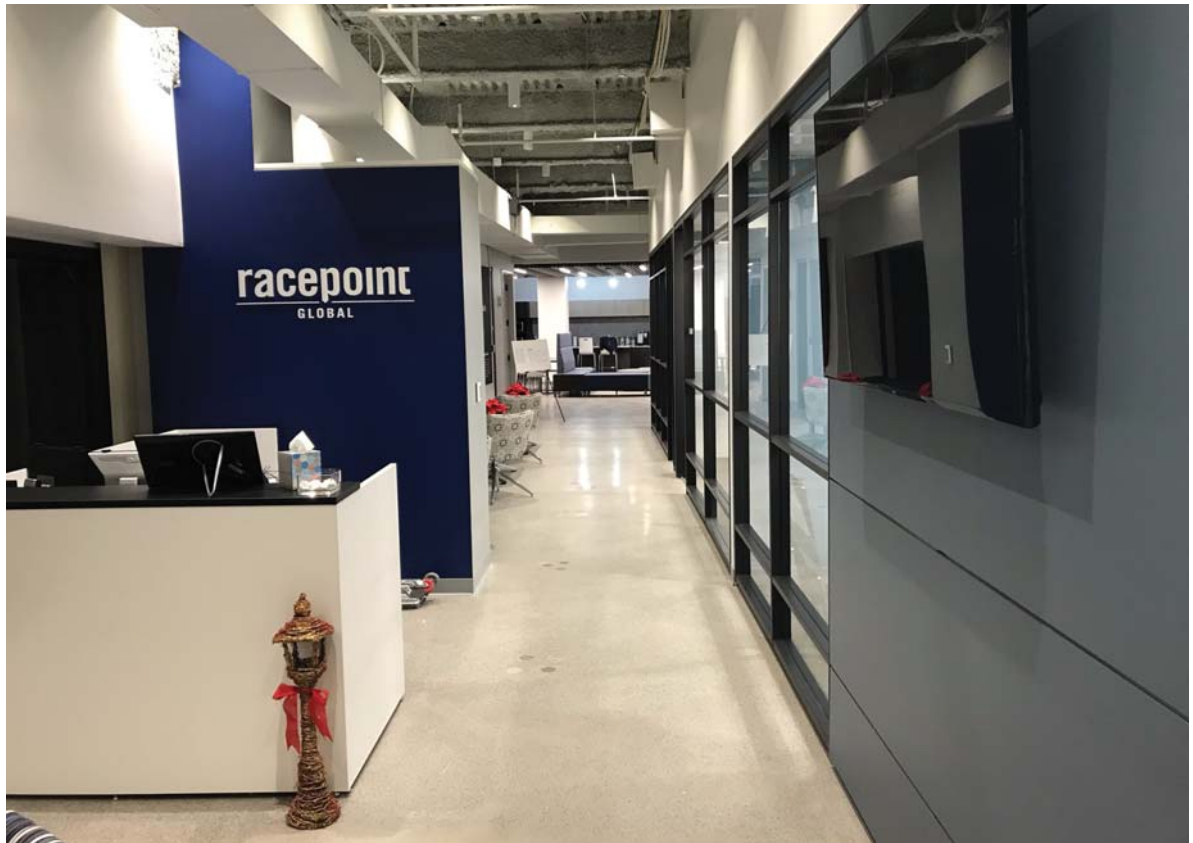

Project Role: Assist. Project Manager
& Designer

Responsibilities:

- E.C. Verification
- Schematic Design
- Design Development
- Construction Drawings
- Consultant Coordination
- Construction Administration

Project Description

Prefabricated aluminum & glass DIRT Partition Systems were used to create Private Offices, Conference Rooms and Phone Rooms around the perimeter of the space. To maximize interior space for additional workstations, 3 existing framed glass entrances were replaced with new glazed openings. The space offers polished concrete floors and an exposed ceiling concept with felt ceiling clouds for acoustics.

**SOUTH COVE
COMMUNITY
HEALTH CENTER**
MALDEN, MA

Location: 277 Commercial St.

Size: 14,000 SF

Completion Date: March 2018

Project Role: Job Captain & Designer

Responsibilities:

- E.C. Verification
- Schematic Design
- Design Development
- Construction Drawings
- Consultant Coordination
- Construction Administration

PROJECT DESCRIPTION:

To better serve the Malden community's growing population, SCCHC built a new health center. Includes pediatrics, internal medicine, Ob/Gyn, optometry, laboratory care, & social services.

CHALLENGES:

- Site location in a densely populated environment
- Unknown site conditions
- Structural modifications to existing structure

SOLUTIONS:

- Neighborhood mitigation planning; maintaining pedestrian routes.
- Utilization of strict infection control procedures to ensure patient and employee safety
